TO BUILD HOMES

DES MOINES COMPANY TO SPEND MONEY HERE.

EMPLOY LOCAL LABOR

Will Probably Spend Next Week Making Arrangements For Construction of Modern Homes.

O. C. Veazie of the Realty Clearing company, a corporation of Des Moines, Ia., was in Maryville Saturday in conference with several of the real estate dealers. Mr. Veazie is known as a "home builder." He announced Saturday that he was intending to build a number of modern homes in this city and he will sell them on the installment plan of monthly payments.

Mr. Veazie, in talking to a representative of this paper, says that he is having one difficulty, and that is the high price of lots in this city. He said he could buy lots in Des Moines for a great deal less than he could in this city. But this will not hinder him in his purpose to build here. At the present time the company which Mr. Veazie represents is building twenty new homes in Des Moines.

Mr. Veazie will employ local labor and also buy his material from the local dealers in the construction of the houses here.

The Commercial club, through its secretary, John I. Hoffman, induced Mr. Veazie to come here. This has been his second visit and he is much impressed with the city. He will probably spend all of next week in the city arranging for the construction of the houses, and work will start on the buildings within a few days. He has several lots under consideration and will probably make a purchase by the first of next week.

HELD ITS LAST MEETING.

Township Board Met Saturday, Then the New Board Met for the First Time.

The old township board, composed of S. A. Hefflin, Charles Garrett and Burt Rowley as trustees, and E. F. Hamlin as clerk, met Saturday afternoon for the last time, as the terms of Messrs. Garrett, Hefflin and Rowley had expired. The purpose of the meeting was to wind up the old business of the board.

The new township board that was elected at the township election held recently met for the first time after the meeting of the old board. The members of the board are Ernest Wray, John Yates and E. H. Bainum as trustees, and E. F. Hamlin as clerk. The purpose of the meeting was to organize and to levy the poll tax of \$5 and also the regular township levy of 10 cents and the special road levy of 25 cents on the \$100 valuation.

The bond of E. H. Bainum for \$25,000 was approved by the board. The sureties are W. C. Pierce, Joseph Jackson, Sr., James B. Robinson and George B. Baker. The bond of Constable Richard Snyder for \$2,500 was also approved by the board. The sureties are W. L. Johnson and Joseph Jackson, Sr.

All of the road overseers who were appointed in March have qualified except one. He is H. W. Lyon, who was appointed for district No. 7. The other overseers are John Kidd for district No. 8, E. P. Powell for No. 6, John P. Deardorff for No. 5, Elihu Shell for No. 4, Frank Hinton for No. 1, John Shrock for No. 9, W. A. Hooper for No. 2, and John C. F. Taylor for No. 3.

WARNS THE FIRE COMPANIES.

Missouri Will Bring Ouster Suit if the Rates Are Not Lowered.

Jefferson City, April 4.—Attorney General Barker, when advised today of the threat of fire insurance companies to suspend business in Missouri, said all that is demanded of the companies is that they restore competition and do business as they did prior to the enactment of the Oliver rating law two years ago.

He makes it clear they must do that or he will bring ouster proceedings against them. He says he will wait a reasonable time for them to meet the conditions laid down by the anti-trust laws.

He says he is reliably informed that the companies are charging 35 per cent higher rates in Missouri than in Iowa and he makes it clear this sort of discrimination must stop.

"All this department asks of the insurance companies is that they return to the conditions which existed prior to the passage of this Oliver law in 1911, that is, restore the competitive rates which existed in Missouri for fifty years prior to the passage of this act," Mr. Barker said.

"Certainly the insurance companies cannot complain of this request, because they grew wealthy under this condition fifty years, and if they made money under the rates which they then charged they certainly can return to those rates again."

"I do not attach any importance to the threat of the insurance companies to leave the state, because I do not believe the fair-minded heads of these companies will resort to any such retaliation."

TO GIVE ANOTHER CONCERT.

Maryville Men's Band to Give a Concert at the Empire on Next Thursday.

The Maryville men's band will give its second concert at the Empire theater next Thursday evening. This concert promises to be even more satisfactory than the one given March 25. More popular selections will be played, together with some of the best numbers used in the first concert. The marches, waltzes and rag-time music that everyone can understand will feature the concert.

One of the special features of the concert will be a solo by Mrs. F. P. Robinson.

Visited in Hopkins.

Mrs. Ernest Wray and son, Ralph Wray, of the Myrtle Tree neighborhood, went to Hopkins Saturday noon and spent the afternoon with Mrs. Wray's brother, Dr. Ed Miller, and family.

Havre, April 5.—The liner France sailed for New York today, carrying the body of the late J. Pierpont Morgan. A mortuary chapel had been arranged for the reception of the coffin. The chapel was hung with black velvet fringed with gold.

IS GOING TO ITALY THE TAX IS OFF

FATHER ANSELM WILL VISIT HIS MOTHER ON TRIP.

WILL STAY TILL FALL

Will Sing in Duet at Church Sunday Morning and His Membership Will Likely All Be There.

Rev. Fr. Anselm Ineichen of St. Mary's church will leave Maryville Monday night on his trip to Europe. He will be joined in St. Louis Tuesday morning by Abbot Ignatius from Arkansas, and they will go on to New York together and sail from there on Friday, April 11, for Rome, Italy, to attend the conference of the St. Benedictine Order, to be held there May 1-2.

Fr. Anselm has been appointed by Abbot Frowin of New Engleberg abbey at Conception to represent him at this great meeting, which is to elect a new arch abbot for the Order of St. Benedict. Abbot Frowin had intended going, but a recent illness compelled him to give up all thought of it.

The entire Catholic world will be represented at this gathering, and every Benedictine abbot in the world, or his representative, will be present. The office of arch abbot has been established since the present pope ascended to his office. The new arch abbot will succeed Arch Abbot Hildebrand, who visited America last year and while in this section was the guest of the Right Rev. Bishop Maurice F. Burke of St. Joseph and of Abbot Frowin of Conception Abbey.

After the election of the arch abbot in Rome the conference of abbots or their representatives will go to Mont Casino, Italy, to visit the original monastery of St. Benedict, who established the order, and to attend the dedication of a magnificent new church by the side of the old monastery.

Monte Casino is situated about the center of Italy, among its most beautiful mountains, and is about a day and a half journey from Rome. On the way the travelers will pass through the Gotthard tunnel, the largest in the world, which is a two hours' trip.

After the dedication at Monte Casino, Fr. Anselm will go to Switzerland, at Lucerne, to see his mother, who is patiently awaiting his coming. Fr. Anselm has lived in Maryville forty years, beginning as assistant pastor to Rev. Fr. Adelhelm, at St. Mary's church, succeeding to the pastorate thirty-two years ago. He has visited his old home in Switzerland but once in that time, and that was about seventeen years ago. His sister, Sister Georgia, joined him in this country a number of years after he came here, and died two years ago at St. Benedictine convent, at Clyde, where she had taught music for many years.

Fr. Anselm has a brother, Matthew Ineichen, who is a lieutenant in the army of Switzerland. His only sister has been a governess for a number of years in the royal family of Switzerland and in a royal family of one of the German provinces.

It is expected that a full attendance of the membership of St. Mary's church will be present at the morning services Sunday to bid Father Anselm good-bye. He may return in July, but if his mother's health should improve and his own strength increases he will not return to Maryville until fall.

At the Sunday morning service Father Anselm and Mr. Conrad Yehle will sing a duet, "O Salutaris," for the offertory, the words of which will contain parting words from the pastor to his people. Father Anselm has not sung at church service for several years, owing to a throat affection, but he will Sunday in response to numerous requests.

THE BAKER BUILDING SOLD.

Building Located First Door East of First National Bank—Charles S. Jackson the Purchaser.

The George B. Baker building, first door east of the First National bank, was sold Saturday through Holmes & Wolfert, real estate agents, to Charles S. Jackson of this city. He will take possession at once. E. W. Friend's barber shop is located on the first floor of the building, and G. A. Van Steenberg & Son's shop is in the second story.

Here From Atlantic.

Mrs. L. C. Allender of Atlantic, Ia., arrived in Maryville Friday evening for a visit until next Thursday with her parents, Dr. and Mrs. W. M. Wallis, Sr., and Dr. Allender's parents, Dr. and Mrs. J. C. Allender. On Thursday Mrs. Allender will go to Kansas City to visit Miss Mary Campbell.

THE TAX IS OFF

VEHICLE ORDINANCE REPEALED BY CITY COUNCIL.

TWO EXCEPTIONS MADE

Vehicles For Hire Still Taxed—Quite a Lot of Miscellaneous Business Transacted Friday Night.

At the city council meeting Friday evening an ordinance repealing the vehicle ordinance levying a license tax on each and every vehicle was adopted, and the only sections of the ordinance in effect are the ones licensing buses for hire at \$3 per day, or \$10 per year, and the one licensing automobiles for hire at \$3 per day, or \$10 per year. The other sections relating to private automobiles, vehicles, dray, transfer wagons and other vehicles were all repealed.

The council took this action as the vehicle ordinance could not be enforced. The tax will remain on buses and automobiles for hire, as many requested that it be that way.

Another ordinance was adopted repealing ordinance relating to the offense denominated "affrays" and adding a new section in lieu thereof and relating to the same subject.

The board of public works was given the power and authority by an ordinance adopted at the meeting to do and perform all necessary repairs and improvements on the waterworks plant of the city, and also to purchase all proper and necessary supplies and machinery for that purpose for the water tower, pumphouse, reservoir, dams, and installing new machinery in the plant.

The council cast up the votes of the city election held Tuesday, and by resolution declared that Mose Hahn, J. D. Ford, John Gray and Louis Gram were elected members of the council.

A permit was granted to the Townsend Grocery company to put in a gasoline and coal oil tank in the ground under the sidewalk in front of their store.

The council allowed the monthly bills, approved the police judge's report, the city collector's report, the weighmaster's report and the city marshal's report.

High School Notes

Ray McPherron, a member of the senior class was very painfully injured last Monday afternoon. He fell off a bicycle and the ligaments in his left wrist were badly torn. He was able to meet his classes again yesterday.

At assembly Tuesday morning Mr. Blagg, president of the school board, gave one of the most penetrating talks that has been given at the high school for some time. He characterized the two types of students by using the two classes of prospectors during the rush for gold in 1849. The first class simply skimmed over the surface, picking up a nugget here and there, but at last they went away in despair and disappointment, for they expected to reap a harvest with a little or no effort. The second class came with shovel and pick, and in going over the very same districts covered by those of the first class, and by digging down into the rockbed they succeeded in extracting hidden gold. Then miners were of the sturdy type and had that quality of stick-to-it-iveness that rewarded them for their efforts. These, then, are the two classes, and each student and his teacher knows to which one the student belongs. Mr. Hawkins was present at the assembly and was asked to say a few words. He took his place on the floor, stood there for a moment, made a bow and took his seat. This was April 1st, and the students were not to be fooled so outright, so they continued to applaud until he arose. He briefly said that it was his custom for years not to fool the same party twice in one morning, and again took his seat. Mr. Westbrook closed the meeting by making several suggestions along the line of athletics.

The "Postea Quid" society met Tuesday afternoon for the purpose of organizing. It was erroneously reported last week that Mr. Westbrook was at the bottom of this movement, but Miss Ashby, who is at the head of the science department, is the originator, and was made an honorary member. The following officers were elected: George Crowson, president; Edgar Hull, vice president; Abner Johnson, secretary-treasurer; Miss Ashby librarian. The president appointed two members who, with herself, are to make out the programs for the year.

The first meeting will be held next Tuesday, and seven professions will be discussed as follows:

Law as a Profession—Walter Fraser.
Medicine as a Profession—Walter Dersch.
Dentistry as a Profession—Haily Ford.
Journalism as a Profession—George Crowson.
Ministry as a Profession—Abner Johnson.
Veterinary Surgery as a Profession—Elmer Montgomery.
Teaching as a Profession—Howard Leech.

The points to be discussed are, scope of work, type of man required, extent and cost of preparation. As a concluding number there will be a general discussion on the question whether the professions offer as great opportunities as those of agriculture, business or manufacturing. It is thought by all those interested in this society that it will be a great help to the students in selecting his life work and that the public may have some idea of the nature of the work. We will insert one of the articles of the constitution, namely, "Article III—The Work of This Society." The work of this society will be to bring together material descriptive of various trades, businesses, industries, agricultural pursuits and professions, to investigate their extent and the type of men required of them, the preparation most desirable for men about to enter them, and where and how such preparation may be obtained. The society shall focus its attention more especially upon those vocations which interest its members, and which his neighborhood and the cities of St. Joseph and Kansas City offer openings. Such material will be preserved by the society as it accumulates from year to year.

Now that it is the season of the year that walking is pleasant, the girls have organized a walking club. They are taking their first walk today, which will be in the direction of Arkoe.

Miss Alice Cobb of the Bedford high school was a visitor last Thursday and entertained the students in assembly with several readings.

The spring seniors held a meeting Thursday after school. The design of the class pin was selected, and it is expected that the pins will be here in ten days. The graduating invitation was also chosen, but the order will not be forwarded for several weeks. It was also decided to hold two more candy sales before the expiration of the term for the purpose of increasing the fund to buy frieze to decorate the assembly hall. The first one will be held two weeks from today and the second one two weeks later.

SPEAKS HIGHLY OF HIM.

The Moving Picture World Magazine Has Nice Write-Up of Frank W. Buhler.

In the Moving Picture World Magazine for March appears a write-up of Frank W. Buhler, who is well known in this city, being a son of Mrs. Mary Buhler and a brother of Charles Buhler of Maryville. Mr. Buhler is manager of the Bijou Dream theater in Philadelphia, Pa. The article is as follows:

"Frank W. Buhler, the enterprising manager of the Bijou Dream theater, located at 1205 Market street, and a 'prince of a man' among the moving picture exhibitors in Philadelphia, recently became a benedict, when he married Miss Josephine M. Bryant, one of the most popular young ladies of the West Philadelphia social set. Mr. Buhler has spent the greater part of his life in the motion picture game, and from general opinion there is not a better versed man on current topics of the trade than he. The theater of which he is manager is a model in every sense of the word, and nothing that will add to the comfort of its patrons has been left untouched, or not provided for. Lately Mr. Buhler has been advocating a new idea, in the line of 'special music for pictures.' The idea is to have a separate and complete score of music especially written for each and every large feature picture, so as to illustrate it to the slightest detail."

SERVICES AT 8 O'CLOCK.

Evening Worship at That Time and Young People's Societies at 7 o'clock.

The evening services at the churches will commence at 8 o'clock on Sunday. The following is the notice prepared by the Ministerial association of the city:

The hour for the evening service in all the Protestant churches changes with the first Lord's day in April. The young people's societies will meet at 7 o'clock instead of 6:30, and the church services will begin at 8 o'clock.

HELD RUMP MEET

THE PRESIDENT AND SECRETARY WERE ASKED TO RESIGN.

FARMERS' LINE TROUBLE

Regular Meeting Adjourned Without Reading Petition, After Which Rump Meeting Was Held.

Another Farmers telephone meeting was held Saturday afternoon in the circuit court room, and it was as exciting as the other meetings that have been held recently. The meeting was called to order by William Mozingo as president of the board of directors of the telephone lines, and Mike McGittigan as secretary. A petition was presented to them that Messrs. Mozingo and McGittigan resign as members of the board. The petition was not read and the meeting was adjourned.

After this meeting a rump meeting was held and W. A. White was selected chairman and John R. Evans secretary. Nothing much was done at this meeting except a great deal of discussion over the matters of the telephone system. It was finally decided by the meeting that the manager send notices to each secretary and treasurer of the lines out of Maryville that an assessment of \$1 will be voted on at the next meeting to be held next Saturday. An adjournment was then taken.

The officers, Messrs. Mozingo and McGittigan, say they will refuse to recognize the action of the rump meeting, and that they do not intend to resign from the board. They did not attend the rump meeting.

IS MAKING GOOD.

H. G. Thompson, Son of J. S. Thompson of This City, Promoted to Agency at Spokane, Wash.

Another Nodaway county young man has made good. It is H. G. Thompson, son of Mr. and Mrs. J. S. Thompson of this city. April 1 he became the new traveling freight and passenger agent for the Spokane, Portland & Seattle and the Chicago, Burlington & Quincy railroads in Spokane, Wash. The appointment was made by A. B. Jackson, general agent of both Hill lines.

WRECK ON WABASH.

No. 3, Due at 7:11, From the East Jumped the Track East of Bedison—No One Injured.

Six engines and their trains were held at Bedison for several hours during Friday night, owing to a wrecked condition of the track one mile and a half east of Bedison, which occurred when passenger train No. 5 was nearing Bedison. The front trucks on the tender of No. 3 were loosened by a brake, causing the tender to jump the track and plowing up about fifty ties before the train was stopped. No one was injured and the engine and the passenger coaches did not leave the track.

The wrecking train from Stanberry was sent for and it took them until 1 o'clock Saturday morning to clear the track and make repairs. While waiting for this to be done two freight trains were held at Bedison, also Nos. 50 and 14 passenger trains were held there. No. 14 had trouble of its own while leaving Omaha, having collided with a street car in that city. It was over an hour late in reaching Maryville. No. 3 train did not arrive here until 1:30 o'clock Saturday morning.

The Skidmore Election.

In the city election held at Skidmore Tuesday, George H. Patterson was elected alderman of the east ward, W. S. Linville, alderman of the west ward, and Ledford Goatcher, marshal. The Skidmore town board is now composed of: Ira E. Porter, mayor; Dr. J. E. Pierpoint and G. H. Patterson, east ward; Ray Strickler and W. S. Linville, west ward; Ledford Goatcher, marshal. The new board has not chosen a clerk yet for the year.

The new Skidmore school board is L. D. Jordan, president; George L. Manchester, vice-president; J. W. Rodman, J. W. Weddle, Sr., M. A. Sewell and D. R. Baker.

Great Egg Story.

The other day while Mrs. Appleman was frying eggs, says Uncle John Appleman of west of Skidmore, she broke one open and found on the inside of it a complete egg shell and all. This was not a double yolk egg, says Uncle John, but one egg inside of the other. The inside egg did not have a hard shell, but was complete otherwise, having both white and yolk and increased in the center of the larger egg. —Skidmore News Era.

Left for Massachusetts.

Walter L. Buckland and daughter of Springfield, Mass., who have been visiting in Maryville the past week with Mrs. Buckland's parents, Mr. and Mrs. J. W. Ray, left for their home Saturday. They will visit friends in Des Moines over Sunday, and will stop in Chicago for a visit with Mr. and Mrs. Ray Dunn at Evanston for a day or two.

Miss Elizabeth Jane McCormick went to Bedford Saturday on a business trip.

Deafness Cannot Be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Are at Excelsior Springs.

Rev. and Mrs. C. H. John are now spending a time in Excelsior Springs, Mo. They intend to be there about three weeks. Rev. John, in writing, says:

"Well, we are here and quite comfortably situated. There is no rush here yet as it is a little early. But many of the hotels and boarding houses are full. This is sure a city of hotels, rooming and boarding houses. There was a real old-fashioned 'gully-washer' here Wednesday night and it washed quite a percentage of the hillsides down into the business part of the city and spread it out on the streets, anywhere from one to six inches deep. They are not yet through removing the dirt. I am for a clean city, a commission form of government, female suffrage, a commission to determine the competency of public officials, an election curriculum in our public school system, a tariff that will protect the wage earners, and homes that are of more interest to both parents and children than theaters, dance halls, pool halls, moving picture shows or lodges. God pity the family when the home ceases to be attractive."

CRISIS REACHED AT CAIRO, ILL.

Next Twenty-Four Hours Will Tell Whether Levees Hold

OHIO RIVER IS AGAIN RISING.

Only the Wabash Is Reported Falling. Great Suffering Among Refugees Back of Shawneetown—Levee Holding at Mound City.

Cairo, Ill., April 5.—Conditions through the Ohio river basin, as reported to the weather bureau, indicated that the question as to whether the flood waters at this point can be held within bounds will be decided within twenty-four hours. With the crest of the flood only a short distance upstream, rain was reported as universal in the territory drained by the Ohio and its tributaries. Only one important river, the Wabash, was reported as falling.

In addition, the Mississippi, which has been at low stage, is rising between Cairo and St. Louis. This is looked upon as extremely serious, because the Ohio needs a free outlet to prevent a backing up of waters on the levees here.

The river gauge stands at 54.8. The river, which now is two miles wide at this point, was lashed by a strong northwest wind into waves, which broke heavily against the reinforcements on the top of the levee wall. Already seepage water stands up to the ground floor of several cabins in the north section of Cairo, but its rise is prevented by a continuous work of powerful electric pumps.

H. A. Wheeler, an engineer in charge of the Point Pleasant (Mo.) levee, seventy miles down the Mississippi river telephoned that the levee had gone out. A valley twenty miles wide and 100 miles long will be flooded.

The levee at Mound City, Ill., was reported holding.

Suffering at Shawneetown.

Shawneetown, Ill., April 5.—Nearly a thousand flood refugees behind the hills here are in serious want of provisions. Appeals have been made to Congressman Fowler, Colonel Bixby and state officials, but because of the lack of communications no assurance of relief has been received.

Levee at Hickman Goes Out.

Memphis, Tenn., April 5.—A telephone message from Hickman, Ky., says that the city levee there went out, flooding the factory districts. No loss of life was reported.

RED CROSS HELPS MANY

World Famous Institution Aids Flood Sufferers to Rebuild.

Washington, April 5.—How the American Red Cross has undertaken the rehabilitation of home and business life in the flood stricken districts of the middle west and in what manner that organization met the first call for relief from the sufferers in this disaster—probably the greatest with which it ever has been called upon to deal—were described in a statement issued by Mabel T. Boardman, chairman of the Red Cross national relief committee. Rehabilitation of the individual sufferer, declared Miss Boardman, is what is necessary to restore normal conditions.

"To continue merely to give out food and clothing," she said, "will mean the continuation of the paralysis of the all important business life of the community. While factories are closed for repairs men can be given work for which they will be paid for clearing away debris. When men or women have been paying for their homes by monthly installments they can be assisted in such payments for a time to prevent the loss of their homes. All this great work the Red Cross with the generous contributions of the American people is undertaking."

New Jersey Puts Ban on Long Hatpins

Trenton, N. J., April 5.—In the future it will be unlawful in this state to wear hatpins unless their points are guarded. Governor Fielder signed a bill, which becomes effective immediately, making it an act of disorderly conduct, punishable by a fine of from \$5 to \$20, for any person "to wear in a public place any device capable of lacerating the flesh of another person, unless the point is sufficiently guarded."

House Progressives Nominate Murdock

Washington, April 5.—Progressive Representative Victor Murdock of Kansas was unanimously elected by the Progressive caucus here as its candidate for speaker of the house. Thirteen representatives attended and the affiliation of four representatives who have not yet reached Washington was announced. Representative H. W. Temple of Pennsylvania was chosen permanent chairman of the caucus.

Seize Tons of Obscene Books.

New York, April 5.—Two tons of obscene books and pictures were seized by special agents of the department of justice in a Thirty-eighth street tenement house. The raid also resulted in the arrest of Camille Nicholas, charged with being the principal agent for a syndicate dealing in obscene literature throughout the country.

FREE WOOL AND FREE STEEL RAILS

Wilson and Leaders in Congress Agree on Tariff Program.

FINAL DRAFT OF NEW BILL.

Ways and Means Committee Will Be Ready to Report—Very Low Duty on Sugar. Eventually to Become Free. Difference on Minor Points.

Washington, April 5.—The Democratic tariff revision bill was completed with the exception of a final decision on the sugar tariff. From beginning to end it is a measure modeled in accord with the ideas of President Wilson, with wool, meats and many other foodstuffs and clothing materials on the free list; with low duties upon all agricultural products and foodstuffs that are not free, and with the tariff on chemical, steel and other commercial products cut far below the present protective rates. The senate tariff leaders asked for an opportunity to study the bill until tomorrow afternoon. They then will confer with Chairman Underwood of the house committee on ways and means, and later will have a final conference with President Wilson. A careful analysis of the senate bill will be made in the meantime to determine if wool, "1-cent" sugar and low rates on "market basket" products will prove acceptable to a majority of the Democrats.

Wilson Delivers Ultimatum.

Briefly summarized, the tariff developments of the day were:

President Wilson's ultimatum to sugar interests that they must agree to a tariff of 1 cent per pound for three years, with free sugar after that time, or he would secure free sugar at once.

The completion of the bill by the ways and means committee with the exception of the sugar schedule.

The committee is prepared to agree on free sugar if the president insists. Among the numerous additions to the free list will be steel rails. Cuts will be made all along the line on the metal schedule.

Income Tax Rates.

Income tax rates fixed at 1 per cent for all corporations incomes above \$5,000; 1 per cent on personal incomes from \$4,000 to \$20,000; 2 per cent from \$20,000 to \$50,000; 3 per cent from \$50,000 to \$100,000; 4 per cent above \$100,000.

The president submitted his proposal on the sugar tariff to Representative Broussard of Louisiana. Louisiana senators and representatives conferred and sounded out other members of the senate to determine whether enough strength could be secured to fight the free sugar features of the plan. They had reached no decision however, as to the course they would take.

All to Be Harmonious.

Notwithstanding the sugar controversy, events so shaped themselves as to indicate that the house, the senate and the president will come to a definite and final agreement upon the tariff bill before Monday and that the measure will be presented to the house early next week as an administration measure and with all tariff leaders behind it.

After a short meeting of the Democratic members of the finance committee, Senators Simmons, James and Hughes called on Mr. Underwood and discussed the wool, sugar and agricultural tariffs. A demand from some quarters in the senate for an increase in the agricultural duties and a doubt as to the success of both free wool and free sugar in the senate constitute the problems over which the senate leaders are working.

It is understood that unless the sugar compromise is accepted by the senators from southern states the finance committee probably will act on its own initiative and comply with President Wilson's desires.

The situation as it has developed this week is apparently a consummation of the plan laid out by the president and house and senate leaders to bring the executive department and both branches of congress into agreement upon the tariff revision before the new bill leaves the custody of the committee that has drawn it.

Jurors Find Engineer Disobeyed Orders

Sheridan, Wyo., April 5.—The wreck of passenger trains Nos. 41 and 42 on the Burlington at Wakeley was due to the failure of Engineer M. E. Miller to obey orders, according to the finding of the coroner's jury. Miller, though his orders were plain for the trains to pass at Wakeley, had the impression the meeting place was at Arno. He was reminded by his fireman, F. R. Miller, and stopped the train. His conductor applied the emergency air at the same time and the train was locked at the time of the collision and could not be backed, probably adding to the loss of life. Engineer Gus Holden of the westbound train may die of his injuries.

Accidentally Killed While Hunting.

Boone, Ia., April 5.—Earl De Witt, who has been engaged in the restaurant business in Jefferson for some time, lies dead at his home as the result of wounds received while out hunting on Goose lake. He was rowing in a boat with two other men when the accident happened.

Constipation and Catarrh

S. B. HARTMAN, M. D.

Believe me? Well, whether you would believe me or not it is the truth. For many years I have been wrestling with the problem of furnishing the public an internal cathartic remedy. Peruna has been the remedy that I have devised and it has certainly relieved many thousand people, yes hundreds of thousands of people, of chronic catarrh.

Constipation was my chief difficulty in treating these cases. I often felt that it would be better if a laxative element were added to Peruna. I feared to do so, however, first because of the number of catarrhal patients who needed no laxative, and second I was afraid of making such a radical change in a remedy that was already doing so well. Thus it was that I continued to prescribe with the Peruna a bottle of Manalin to those who needed a laxative. At last, under circumstances explained in my booklet, I was constrained to add the laxative element to Peruna. This constitutes what is now known as the revised Peruna.

Now those who take Peruna will first find themselves promptly relieved of their constipation. Second, the catarrh will gradually disappear. And once the catarrh is cured the constipation leaves permanently. Then if you follow the advice given in my book, you will never have to take pills any more. Cathartics and laxatives you can ignore. You will be permanently relieved of both your catarrh and the constipation. PERUNA IS FOR SALE AT ALL DRUG STORES.

The members of the graduating class are Floyd Graham, Spencer Lamb, Martha Alden, Etta Coulter and Frances Ernst. Prof. John Davis is the principal of the Elmo high school.

He Apologized.

The Parnell Sentinel rings up the following:

"A traveling man got into a controversy with one of the phone girls in Maryville, and while somewhat excited told the young lady to 'just keep her shirt on.' The manager of the exchange told him he had better apologize. He rang central and asked 'Are you the young lady I told to keep her shirt on?' 'I sure am,' she snapped back. 'Well, it's all right with me; you can take it off if you want to,' was his apology."

HENRY M. COUDREY IS FOUND GUILTY

Convicted in Federal Court of Using Mails to Defraud.

St. Louis, April 5.—Henry M. Coudrey, former congressman, and Harry B. Gardner were found guilty in the federal district court of using the mails to defraud. Coudrey and Gardner were charged with using the mails to defraud in the promotion of what came to be known as the twin insurance companies—the Continental Life Assurance company of America and the International Fire Insurance company of America. Both companies went into the hands of receivers.

Evidence was introduced at the trial to prove that stocks in the twin companies were sold throughout the country and that bankers in small towns were induced to take stock on the promises that funds of the companies would be deposited in their banks. It was charged that the promoters of the companies made misleading statements about the concerns in letters they sent out. The maximum sentence for each defendant is \$1,500 fine or four and a half years' imprisonment or both.

Military Dirigible Is Permitted to Return Home.

Luneville, France, April 5.—The German air cruiser Zeppelin IV, was inflated and departed for Germany.

The landing of the airship on the parade grounds here in the midst of a brigade of French riflemen was satisfactorily explained to a French body of inquiry. The airship and its crew were afterward released on payment of \$2,000 as customs duty and the incident was declared closed.

Western Senator Accused.

Washington, April 5.—Charges involving the moral conduct of a senator from a western state have been presented to United States Attorney Wilson here, and he is investigating. A man seeking federal office charges that when his wife, acting in his behalf, went to the senator the latter acted in an improper manner and later repeated this conduct, calling on the woman at a hotel, where the husband asserts having posted witnesses.

Russia Backing Montenegro.

Vienna, April 5.—Little Montenegro's defiance of the powers is the subject of a series of hysterical outbursts in the newspapers here. There are indications, the Austrian editors believe, that some of the powers are not supporting the program agreed upon for the coercion of Montenegro. The finger of suspicion points particularly at Russia.

Body of Man Found in Car.

Kansas City, April 5.—The body of a youth, about twenty years old, was found crushed under a pile of machinery in a Missouri Pacific coal car, on signed from Omaha. A card, with the name of William Butler, 913 Washington street, was found in one of the pockets.

SAID SHE WOULD FAINT

Mrs. Della Long Unable to Stand On Her Feet More Than a Few Minutes at a Time.

Pendergrass, Ga.—Mrs. Della Long, of this place, in a recent letter, says: "For five or six years, I suffered agonies with womanly troubles."

Often, I couldn't sit up more than a few minutes at a time, and if I stood on my feet long, I would faint."

I took Cardui, and it helped me immediately. Now, I can do my work all the time, and don't suffer like I did."

Take Cardui when you feel in any way—weak, tired, miserable, or under the weather. Cardui is a strength-building tonic medicine for women.

It has been found to relieve pain and distress caused by womanly troubles, and is an excellent medicine to have on hand at all times.

Cardui acts on the womanly constitution, building up womanly strength, toning up the nerves, and regulating the womanly organs.

Its half century of success is due to merit. It has done good to thousands. Will you try it? It may be just what you need. Ask your druggist about Cardui. He will recommend it.

Write to: Ladies' Advisory Dept., Chatterbox Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper, on request.

TO BUILD HOMES

DES MOINES COMPANY TO SPEND MONEY HERE.

EMPLOY LOCAL LABOR

Will Probably Spend Next Week Making Arrangements For Construction of Modern Homes.

O. C. Veazie of the Realty Clearing company, a corporation of Des Moines, Ia., was in Maryville Saturday in conference with several of the real estate dealers. Mr. Veazie is known as a "home builder." He announced Saturday that he was intending to build a number of modern homes in this city and he will sell them on the installment plan of monthly payments.

Mr. Veazie, in talking to a representative of this paper, says that he is having one difficulty, and that is the high price of lots in this city. He said he could buy lots in Des Moines for a great deal less than he could in this city. But this will not hinder him in his purpose to build here. At the present time the company which Mr. Veazie represents is building twenty new homes in Des Moines.

Mr. Veazie will employ local labor and also buy his material from the local dealers in the construction of the houses here.

The Commercial club, through its secretary, John I. Hoffman, induced Mr. Veazie to come here. This has been his second visit and he is much impressed with the city. He will probably spend all of next week in the city arranging for the construction of the houses, and work will start on the buildings within a few days. He has several lots under consideration and will probably make a purchase by the first of next week.

HELD ITS LAST MEETING.

Township Board Met Saturday, Then the New Board Met for the First Time.

The old township board, composed of S. A. Hefflin, Charles Garrett and Burt Rowley as trustees, and E. F. Hamlin as clerk, met Saturday afternoon for the last time, as the terms of Messrs. Garrett, Hefflin and Rowley had expired. The purpose of the meeting was to wind up the old business of the board.

The new township board that was elected at the township election held recently met for the first time after the meeting of the old board. The members of the board are Ernest Wray, John Yates and E. H. Bainum as trustees, and E. F. Hamlin as clerk. The purpose of the meeting was to organize and to levy the poll tax of \$5 and also the regular township levy of 10 cents and the special road levy of 25 cents on the \$100 valuation.

The bond of E. H. Bainum for \$25,000 was approved by the board. The sureties are W. C. Pierce, Joseph Jackson, Sr., James B. Robinson and George B. Baker. The bond of Constable Richard Snyder for \$2,500 was also approved by the board. The sureties are W. L. Johnson and Joseph Jackson, Sr.

All of the road overseers who were appointed in March have qualified except one. He is H. W. Lyon, who was appointed for district No. 7. The other overseers are John Kidd for district No. 8, E. P. Powell for No. 6, John P. Deardorff for No. 5, Elihu Shell for No. 4, Frank Hinton for No. 1, John Shrock for No. 9, W. A. Hooper for No. 2, and John C. F. Taylor for No. 3.

WARNS THE FIRE COMPANIES.

Missouri Will Bring Ouster Suit if the Rates Are Not Lowered.

Jefferson City, April 4.—Attorney General Barker, when advised today of the threat of fire insurance companies to suspend business in Missouri, said all that is demanded of the companies is that they restore competition and do business as they did prior to the enactment of the Oliver rating law two years ago.

He makes it clear they must do that or he will bring ouster proceedings against them. He says he will wait a reasonable time for them to meet the conditions laid down by the anti-trust laws.

He says he is reliably informed that the companies are charging 35 per cent higher rates in Missouri than in Iowa and he makes it clear this sort of discrimination must stop.

"All this department asks of the insurance companies is that they return to the conditions which existed prior to the passage of this Oliver law in 1911, that is, restore the competitive rates which existed in Missouri for fifty years prior to the passage of this act," Mr. Barker said.

"Certainly the insurance companies cannot complain of this request, because they grew wealthy under this condition fifty years, and if they made money under the rates which they then charged they certainly can return to those rates again."

"I do not attach any importance to the threat of the insurance companies to leave the state, because I do not believe the fair-minded heads of these companies will resort to any such retaliation."

TO GIVE ANOTHER CONCERT.

Maryville Men's Band to Give a Concert at the Empire on Next Thursday.

The Maryville men's band will give its second concert at the Empire theater next Thursday evening. This concert promises to be even more satisfactory than the one given March 25. More popular selections will be played, together with some of the best numbers used in the first concert. The marches, waltzes and rag-time music that everyone can understand will feature the concert.

One of the special features of the concert will be a solo by Mrs. F. P. Robinson.

Visited in Hopkins.

IS GOING TO ITALY

FATHER ANSELM WILL VISIT HIS MOTHER ON TRIP.

WILL STAY TILL FALL

Will Sing in Duet at Church Sunday Morning and His Membership Will Likely All Be There.

Rev. Fr. Anselm Ineichen of St. Mary's church will leave Maryville Monday night on his trip to Europe. He will be joined in St. Louis Tuesday morning by Abbot Ignatius from Arkansas, and they will go on to New York together and sail from there on Friday, April 11, for Rome, Italy, to attend the conference of the St. Benedictine Order, to be held there May 1-2.

Fr. Anselm has been appointed by Abbot Frowin of New Engleberg abbey at Conception to represent him at this great meeting, which is to elect a new arch abbot for the Order of St. Benedict. Abbot Frowin had intended going, but a recent illness compelled him to give up all thought of it.

The entire Catholic world will be represented at this gathering, and every Benedictine abbot in the world, or his representative, will be present. The office of arch abbot has been established since the present pope ascended to his office. The new arch abbot will succeed Arch Abbot Hildebrand, who visited America last year and while in this section was the guest of the Right Rev. Bishop Maurice F. Burke of St. Joseph and of Abbot Frowin of Conception Abbey.

After the election of the arch abbot in Rome the conference of abbots or their representatives will go to Monte Casino, Italy, to visit the original monastery of St. Benedict, who established the order, and to attend the dedication of a magnificent new church by the side of the old monastery.

Monte Casino is situated about the center of Italy, among its most beautiful mountains, and is about a day and a half journey from Rome. On the way the travelers will pass through the Gotthart tunnel, the largest in the world, which is a two hours' trip.

After the dedication at Monte Casino, Fr. Anselm will go to Switzerland, at Lucerne, to see his mother, who is patiently awaiting his coming. Fr. Anselm has lived in Maryville forty years, beginning as assistant pastor to Rev. Fr. Adelhelm, at St. Mary's church, succeeding to the pastorate thirty-two years ago. He has visited his old home in Switzerland but once in that time, and that was about seventeen years ago. His sister, Sister Georgia, joined him in this country a number of years after he came here, and died two years ago at St. Benedictine convent, at Clyde, where she had taught music for many years.

Fr. Anselm has a brother, Matthew Ineichen, who is a lieutenant in the army of Switzerland. His only sister has been a governess for a number of years in the royal family of Switzerland and in a royal family of one of the German provinces.

It is expected that a full attendance of the membership of St. Mary's church will be present at the morning services Sunday to bid Father Anselm good-bye. He may return in July, but if his mother's health should improve and his own strength increases he will not return to Maryville until fall.

At the Sunday morning service Father Anselm and Mr. Conrad Yehle will sing a duet, "O Salutaris," for the offertory, the words of which will contain parting words from the pastor to his people. Father Anselm has not sung at church service for several years, owing to a throat affection, but he will Sunday in response to numerous requests.

THE BAKER BUILDING SOLD.

Building Located First Door East of First National Bank—Charles S. Jackson the Purchaser.

The George B. Baker building, first door east of the First National bank, was sold Saturday through Holmes & Wolfert, real estate agents, to Charles S. Jackson of this city. He will take possession at once. E. W. Friend's barber shop is located on the first floor of the building, and G. A. Van Steenberg & Son's shop is in the second story.

Here From Atlantic.

Mrs. Lafa C. Allender of Atlantic, Ia., arrived in Maryville Friday evening for a visit until next Thursday with her parents, Dr. and Mrs. W. M. Wallis, Sr., and Dr. Allender's parents, Dr. and Mrs. J. C. Allender. On Thursday Mrs. Allender will go to Kansas City to visit Miss Mary Campbell.

THE TAX IS OFF

VEHICLE ORDINANCE REPEALED BY CITY COUNCIL.

TWO EXCEPTIONS MADE

Vehicles For Hire Still Taxed—Quite a Lot of Miscellaneous Business Transacted Friday Night.

At the city council meeting Friday evening an ordinance repealing the vehicle ordinance levying a license tax on each and every vehicle was adopted, and the only sections of the ordinance in effect are the ones licensing buses for hire at \$3 per day, or \$10 per year, and the one licensing automobiles for hire at \$3 per day, or \$10 per year. The other sections relating to private automobiles, vehicles, dray, transfer wagons and other vehicles were all repealed.

The council took this action as the vehicle ordinance could not be enforced. The tax will remain on buses and automobiles for hire, as many requested that it be that way.

Another ordinance was adopted repealing ordinance relating to the offense denominated "affrays" and adding a new section in lieu thereof and relating to the same subject.

The board of public works was given the power and authority by an ordinance adopted at the meeting to do and perform all necessary repairs and improvements on the water works plant of the city, and also to purchase all proper and necessary supplies and machinery for that purpose for the water tower, pump house, reservoir, dams, and installing new machinery in the plant.

The council cast up the votes of the city election held Tuesday, and by resolution declared that Mose Hahn, J. D. Ford, John Gray and Louis Gram were elected members of the council.

A permit was granted to the Townsend Grocery company to put in a gasoline and coal oil tank in the ground under the sidewalk in front of their store.

The council allowed the monthly bills, approved the police judge's report, the city collector's report, the weighmaster's report and the city marshal's report.

High School Notes

Ray McPherron, a member of the senior class was very painfully injured last Monday afternoon. He fell off a bicycle and the ligaments in his left wrist were badly torn. He was able to meet his classes again yesterday.

At assembly Tuesday morning Mr. Blagg, president of the school board, gave one of the most penetrating talks that has been given at the high school for some time. He characterized the two types of students by using the two classes of prospectors during the rush for gold in 1849. The first class simply skimmed over the surface, picking up a nugget here and there, but at last they went away in despair and disappointment, for they expected to reap a harvest with a little or no effort.

The second class came with shovel and pick, and in going over the very same districts covered by those of the first class, and by digging down into the rockbed they succeeded in extracting hidden gold. Then miners were of the sturdy type and had that quality of stick-to-it-iveness that rewarded them for their efforts. These, then, are the two classes, and each student and his teacher knows to which one the student belongs. Mr. Hawkins was present at the assembly and was asked to say a few words. He took his place on the floor, stood there for a moment, made a bow and took his seat. This was April the 1st, and the students were not to be fooled so outright, so they continued to applaud until he arose. He briefly said that it was his custom for years not to fool the same party twice in one morning, and again took his seat. Mr. Westbrook closed the meeting by making several suggestions along the line of athletics.

The "Postea Quid" society met Tuesday afternoon for the purpose of organizing. It was erroneously reported last week that Mr. Westbrook was at the bottom of this movement, but Miss Ashby, who is at the head of the science department, is the originator, and was made an honorary member. The following officers were elected: George Crowson, president; Edgar Hull, vice president; Abner Johnson, secretary-treasurer; Miss Ashby librarian. The president appointed two members who, with herself, are to make out the programs for the year.

The first meeting will be held next Tuesday, and seven professions will be discussed as follows:

Law as a Profession—Walter Fraser.
Medicine as a Profession—Walter Dersch.
Dentistry as a Profession—Hally Ford.
Journalism as a Profession—George Crowson.
Ministry as a Profession—Abner Johnson.
Veterinary Surgery as a Profession—Elmer Montgomery.
Teaching as a Profession—Howard Leech.

The points to be discussed are, scope of work, type of man required, extent and cost of preparation. As a concluding number there will be a general discussion on the question whether the professions offer as great opportunities as those of agriculture, business or manufacturing. It is thought by all those interested in this society that it will be a great help to the students in selecting his life work and that the public may have some idea of the nature of the work. We will insert one of the articles of the constitution, namely, "Article III—The Work of This Society." The work of this society will be to bring together material descriptive of various trades, businesses, industries, agricultural pursuits and professions, to investigate their extent and the type of men required of them, the preparation most desirable for men about to enter them, and where and how such preparation may be obtained. The society shall focus its attention more especially upon those vocations which interest its members, and which his neighborhood and the cities of St. Joseph and Kansas City offer openings. Such material will be preserved by the society as it accumulates from year to year.

Now that it is the season of the year that walking is pleasant, the girls have organized a walking club. They are taking their first walk today, which will be in the direction of Arkoe.

Miss Alice Cobb of the Bedford high school was a visitor last Thursday and entertained the students in assembly with several readings.

The spring seniors held a meeting Thursday after school. The design of the class pin was selected, and it is expected that the pins will be here in ten days. The graduating invitation was also chosen, but the order will not be forwarded for several weeks. It was also decided to hold two more candy sales before the expiration of the term for the purpose of increasing the fund to buy frieze to decorate the assembly hall. The first one will be held two weeks from today and the second one two weeks later.

SPEAKS HIGHLY OF HIM.

The Moving Picture World Magazine Has Nice Write-Up of Frank W. Buhler.

In the Moving Picture World Magazine for March appears a write-up of Frank W. Buhler, who is well known in this city, being a son of Mrs. Mary Buhler and a brother of Charles Buhler of Maryville. Mr. Buhler is manager of the Bijou Dream theater in Philadelphia, Pa. The article is as follows:

"Frank W. Buhler, the enterprising manager of the Bijou Dream theater, located at 1205 Market street, and a 'prince of a man' among the moving picture exhibitors in Philadelphia, recently became a benedict, when he married Miss Josephine M. Bryant, one of the most popular young ladies of the West Philadelphia social set. Mr. Buhler has spent the greater part of his life in the motion picture game, and from general opinion there is not a better versed man on current topics of the trade than he. The theater of which he is manager is a model in every sense of the word, and nothing that will add to the comfort of its patrons has been left untouched, or not provided for. Lately Mr. Buhler has been advocating a new idea, in the line of 'special music for pictures.' The idea is to have a separate and complete score of music especially written for each and every large feature picture, so as to illustrate it to the slightest detail."

SERVICES AT 8 O'CLOCK.

Evening Worship at That Time and Young People's Societies at 7 o'clock.

The evening services at the churches will commence at 8 o'clock on Sunday. The following is the notice prepared by the Ministerial association of the city:

The hour for the evening service in all the Protestant churches changes with the first Lord's day in April. The young people's societies will meet at 7 o'clock instead of 6:30, and the church services will begin at 8 o'clock.

HELD RUMP MEET

THE PRESIDENT AND SECRETARY WERE ASKED TO RESIGN.

FARMERS' LINE TROUBLE

Regular Meeting Adjourned Without Reading Petition, After Which Rump Meeting Was Held.

Another Farmers telephone meeting was held Saturday afternoon in the circuit court room, and it was as exciting as the other meetings that have been held recently. The meeting was called to order by William Mozingo as president of the board of directors of the telephone lines, and Mike McGettigan as secretary. A petition was presented to them that Messrs. Mozingo and McGettigan resign as members of the board. The petition was not read and the meeting was adjourned.

After this meeting a rump meeting was held and W. A. White was selected chairman and John R. Evans secretary. Nothing much was done at this meeting except a great deal of discussion over the matters of the telephone system. It was finally decided by the meeting that the manager send notices to each secretary and treasurer of the lines out of Maryville that an assessment of \$1 will be voted on at the next meeting to be held next Saturday. An adjournment was then taken.

The officers, Messrs. Mozingo and McGettigan, say they will refuse to recognize the action of the rump meeting, and that they do not intend to resign from the board. They did not attend the rump meeting.

IS MAKING GOOD.

H. G. Thompson, Son of J. S. Thompson of This City, Promoted to Agency at Spokane, Wash.

Another Nodaway county young man has made good. It is H. G. Thompson, son of Mr. and Mrs. J. S. Thompson of this city. April 1 he became the new traveling freight and passenger agent for the Spokane, Portland & Seattle and the Chicago, Burlington & Quincy railroads in Spokane, Wash. The appointment was made by A. B. Jackson, general agent of both Hill lines.

WRECK ON WABASH.

No. 3, Due at 7:11, From the East Jumped the Track East of Bedison—No One Injured.

Six engines and their trains were held at Bedison for several hours during Friday night, owing to a wrecked condition of the track one mile and a half east of Bedison, which occurred when passenger train No. 5 was nearing Bedison. The front trucks on the tender of No. 3 were loosened by a brake, causing the tender to jump the track and plowing up about fifty ties before the train was stopped. No one was injured and the engine and the passenger coaches did not leave the track.

The wrecking train from Stanberry was sent for and it took them until 1 o'clock Saturday morning to clear the track and make repairs. While waiting for this to be done two freight trains were held at Bedison, also Nos. 50 and 14 passenger trains were held there. No. 14 had trouble of its own while leaving Omaha, having collided with a street car in that city. It was over an hour late in reaching Maryville. No. 3 train did not arrive here until 1:30 o'clock Saturday morning.

The Skidmore Election.

In the city election held at Skidmore Tuesday, George H. Patterson was elected alderman of the east ward, W. S. Linville, alderman of the west ward, and Loddford Goatcher, marshal. The Skidmore town board is now composed of: Ira E. Porter, mayor; Dr. J. E. Pierpoint and G. H. Patterson, east ward; Ray Strickler and W. S. Linville, west ward; Loddford Goatcher, marshal. The new board has not chosen a clerk yet for the year.

The new Skidmore school board is L. D. Jordan, president; George L. Manchester, vice-president; J. W. Rodman, J. W. Weddle, Sr., M. A. Sewell and D. R. Baker.

Great Egg Story.

The other day while Mrs. Appleman was frying eggs, says Uncle John Appleman of west of Skidmore, she broke one open and found on the inside of it a complete egg shell and all. This was not a double yolk egg, says Uncle John, but one egg inside of the other. The inside egg did not have a hard shell, but was complete otherwise, having both white and yolk and increased in the center of the larger egg.—Skidmore News Era.

Left for Massachusetts.

Walter L. Buckland and daughter of Springfield, Mass., who have been visiting in Maryville the past week with Mrs. Buckland's parents, Mr. and Mrs. J. W. Ray, left for their home Saturday. They will visit friends in Des Moines over Sunday, and will stop in Chicago for a visit with Mr. and Mrs. Roy Dunn at Evanston for a day or two.

Miss Elizabeth Jane McCormick went to Bedford Saturday on a business trip.

Deafness Cannot Be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflammation of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular, free.

At 8 p. m. the evening service. The subject of the sermon will be "The Contagion of Goodness."

Tuesday evening at 6:30 o'clock the Men's club will hold their man-and-boy banquet.

Wednesday evening at 8 o'clock the pastor will complete a book review of Harold Begbie's "Twice-Born Men." We will be glad to share the privileges of our worship and fellowship with you.

First M. E. Church.

Sunday school at 9:30 a. m. A full attendance is desired Sunday morning. Bro. Zentz will speak to the school and the orchestra has prepared special music. Let us come expecting a great Sunday school. There is a place for everyone.

Morning worship at 10:45 a. m. The choir will sing "Thou Art Praise in Zion," by Schaefer. Solo, "Fear Not Ye, O Israel," by Dudley Buck. Rev. G. H. Zentz will preach. Subject of the sermon, "The Discoveries of Abraham." Let us make this a glad service by being present, and let many come with us. If you have a church letter bring it; if not, join your life with the forces for good.

At 3 o'clock there will be a meeting for men. Rev. Zentz will give the address on the subject "A Message from Hosea." Special music by a quartet and by Mr. Maulding and his son. All men of the community cordially invited.

Epworth League at 7 o'clock. Sub-

ject, "The Indignation of Christ." Leader, Miss Mary Evans.

Preaching at 8 p. m. The choir will sing "The Prayer of the Penitent," by Matthews. Mr. Maulding will play a cornet solo. Baritone solo, "The Ninety and Nine," by Campion. Subject of sermon by Rev. Zentz, "A Searching Question."

You will find a cordial welcome to any or all of these services.

Monday evening at 8 o'clock the second quarterly conference will meet in the church parlors.

Are at Excelsior Springs.

Rev. and Mrs. C. H. John are now spending a time in Excelsior Springs, Mo. They intend to be there about three weeks. Rev. John, in writing, says:

"Well, we are here and quite comfortably situated. There is no rush here yet as it is a little early. But many of the hotels and boarding houses are full. This is sure a city of hotels, rooming and boarding houses. There was a real old-fashioned 'gully-washer' here Wednesday night and it washed quite a percentage of the hill-sides down into the business part of the city and spread it out on the streets, anywhere from one to six inches deep. They are not yet through removing the dirt. I am for a clean city, a commission form of government, female suffrage, a commission to determine the competency of public officials, an election curriculum in our public school system, a tariff that will protect the wage earners, and homes that are of more interest to both parents and children than theaters, dance halls, pool halls, moving picture shows or lodges. God pity the family when the home ceases to be attractive."

CRISIS REACHED AT CAIRO, ILL.

Next Twenty-Four Hours Will Tell Whether Levees Hold

OHIO RIVER IS AGAIN RISING.

Only the Wabash Is Reported Falling. Great Suffering Among Refugees Back of Shawneetown—Levee Holding at Mound City.

Cairo, Ill., April 5.—Conditions through the Ohio river basin, as reported to the weather bureau, indicated that the question as to whether the flood waters at this point can be held within bounds will be decided within twenty-four hours. With the crest of the flood only a short distance upstream, rain was reported as universal in the territory drained by the Ohio and its tributaries. Only one important river, the Wabash, was reported as falling.

In addition, the Mississippi, which has been at low stage, is rising between Cairo and St. Louis. This is looked upon as extremely serious, because the Ohio needs a free outlet to prevent a backing up of waters on the levees here.

The river gauge stands at 54.8. The river, which now is two miles wide at this point, was lashed by a strong northwest wind into waves, which broke heavily against the reinforcements on the top of the levee wall. Already seepage water stands up to the ground floor of several cabins in the north section of Cairo, but its rise is prevented by a continuous work of powerful electric pumps.

H. A. Wheeler, an engineer in charge of the Point Pleasant (Mo.) levee, seventy miles down the Mississippi river, telephoned that the levee had gone out. A valley twenty miles wide and 100 miles long will be flooded.

The levee at Mound City, Ill., was reported holding.

Suffering at Shawneetown.

Shawneetown, Ill., April 5.—Nearly a thousand flood refugees behind the hills here are in serious want of provisions. Appeals have been made to Congressman Fowler, Colonel Bixby and state officials, but because of the lack of communications no assurance of relief has been received.

Levee at Hickman Goes Out.

Memphis, Tenn., April 5.—A telephone message from Hickman, Ky., says that the city levee there went out, flooding the factory districts. No loss of life was reported.

RED CROSS HELPS MANY

World Famous Institution Aids Flood Sufferers to Rebuild.

Washington, April 5.—How the American Red Cross has undertaken the rehabilitation of home and business life in the flood stricken districts of the middle west and in what manner that organization met the first call for relief from the sufferers in this disaster—probably the greatest with which it ever has been called upon to deal—were described in a statement issued by Mabel T. Boardman, chairman of the Red Cross national relief committee. Rehabilitation of the individual sufferer, declared Miss Boardman, is what is necessary to restore normal conditions.

"To continue merely to give out food and clothing," she said, "will mean the continuation of the paralysis of the all important business life of the community. While factories are closed for repairs men can be given work for which they will be paid for clearing away debris. When men or women have been paying for their homes by monthly installments they can be assisted in such payments for a time to prevent the loss of their homes. All this great work the Red Cross with the generous contributions of the American people is undertaking."

New Jersey Puts Ban on Long Hatpins

Trenton, N. J., April 5.—In the future it will be unlawful in this state to wear hatpins unless their points are guarded. Governor Fielder signed a bill, which becomes effective immediately, making it an act of disorderly conduct, punishable by a fine of from \$5 to \$20, for any person "to wear in a public place any device capable of lacerating the flesh of another person, unless the point is sufficiently guarded."

House Progressives Nominate Murdoch

Washington, April 5.—Progressive Representative Victor Murdoch of Kansas was unanimously elected by the Progressive caucus here as its candidate for speaker of the house. Thirteen representatives attended and the affiliation of four representatives who have not yet reached Washington was announced. Representative H. W. Temple of Pennsylvania was chosen permanent chairman of the caucus.

Seize Tons of Obscene Books.

New York, April 5.—Two tons of obscene books and pictures were seized by special agents of the department of justice in a Thirty-eighth street tenement house. The raid also resulted in the arrest of Camille Nicholas, charged with being the principal agent for a syndicate dealing in obscene literature throughout the country.

FREE WOOL AND FREE STEEL RAILS

Wilson and Leaders in Congress Agree on Tariff Program.

FINAL DRAFT OF NEW BILL.

Ways and Means Committee Will Be Ready to Report—Very Low Duty on Sugar. Eventually to Become Free. Difference on Minor Points.

Washington, April 5.—The Democratic tariff revision bill was completed with the exception of a final decision on the sugar tariff. From beginning to end it is a measure modeled in accord with the ideas of President Wilson, with wool, meats and many other foodstuffs and clothing materials on the free list; with low duties upon all agricultural products and foodstuffs that are not free, and with the tariff on chemical, steel and other commercial products cut far below the present protective rates. The senate tariff leaders asked for an opportunity to study the bill until tomorrow afternoon. They then will confer with Chairman Underwood of the house committee on ways and means, and later will have a final conference with President Wilson. A careful analysis of the senate will be made in the meantime to determine if wool, "A-cent" sugar and low rates on "market basket" products will prove acceptable to a majority of the Democrats.

Wilson Delivers Ultimatum.

Briefly summarized, the tariff developments of the day were:

President Wilson's ultimatum to sugar interests that they must agree to a tariff of 1 cent per pound for three years, with free sugar after that time, or he would secure free sugar at once.

The completion of the bill by the ways and means committee with the exception of the sugar schedule.

The committee is prepared to agree on free sugar if the president insists. Among the numerous additions to the free list will be steel rails. Cuts will be made all along the line on the metal schedule.

Income Tax Rates.

Income tax rates fixed at 1 per cent for all corporations incomes above \$5,000; 1 per cent on personal incomes from \$4,000 to \$20,000; 2 per cent from \$20,000 to \$50,000; 3 per cent from \$50,000 to \$100,000; 4 per cent above \$100,000.

The president submitted his proposal on the sugar tariff to Representative Broussard of Louisiana. Louisiana senators and representatives conferred and sounded out other members of the senate to determine whether enough strength could be secured to fight the free sugar features of the plan. They had reached no decision, however, as to the course they would take.

All to Be Harmonious.

Notwithstanding the sugar controversy, events so shaped themselves as to indicate that the house, the senate and the president will come to a definite and final agreement upon the tariff bill before Monday and that the measure will be presented to the house early next week as an administrative measure and with all tariff leaders behind it.

After a short meeting of the Democratic members of the finance committee, Senators Simmons, James and Hughes called on Mr. Underwood and discussed the wool, sugar and agricultural tariffs. A demand from some quarters in the senate for an increase in the agricultural duties and a doubt as to the success of both free wool and free sugar in the senate constitute the problems over which the senate leaders are working.

It is understood that unless the sugar compromise is accepted by the senators from southern states the finance committee probably will act on its own initiative and comply with President Wilson's desires.

The situation as it has developed this week is apparently a consummation of the plan laid out by the president and house and senate leaders to bring the executive department and both branches of congress into agreement upon the tariff revision before the new bill leaves the custody of the committee that has drawn it.

Jurors Find Engineer Disobeyed Orders

Sheridan, Wyo., April 5.—The wreck of passenger trains Nos. 41 and 42 on the Burlington at Wakeley was due to the failure of Engineer M. E. Miller to obey orders, according to the finding of the coroner's jury. Miller, though his orders were plain for the trains to pass at Wakeley, had the impression the meeting place was at Arno. He was reminded by his fireman, F. R. Miller, and stopped the train. His conductor applied the emergency air at the same time and the train was locked at the time of the collision and could not be backed, probably adding to the loss of life. Engineer Gus Holden of the westbound train may die of his injuries.

Accidentally Killed While Hunting.

Boone, Ia., April 5.—Earl De Witt, who has been engaged in the restaurant business in Jefferson for some time, lies dead at his home as the result of wounds received while out hunting on Goose lake. He was rowing in a boat with two other men when the accident happened.

Those in need of cemetery work would do well by calling at our shop, where you can see the Monuments. You have no agents' commission to pay. By dealing with us you buy of home people who are responsible, and as there is as much difference in material in monuments as in anything else, it would be well for you to see what you are buying.

We do all our work with pneumatic tools and guarantee satisfaction. If unable to call drop us a postal and we will come and see you.

Constipation and Catarrh

S. B. HARTMAN, M. D.

You are constipated. You have taken laxatives a great many years. You have tried to select a diet that would keep your bowels regular. In this you have failed and were obliged to go back to your laxatives again. This, I say, has been going on many years.

You also have a slight catarrh in the head and throat. You never imagined that the catarrh had anything to do with the constipation. Suppose I were to tell you that as long as you have that catarrh you will never get better of your constipation. Would you be-

lieve me? Well, whether you would believe me or not it is the truth. For many years I have been wrestling with the problem of furnishing the public an internal catarrh remedy. Peruna has been the remedy that I have devised and it has certainly relieved many thousands of people, yes hundreds of thousands of people, of chronic catarrh.

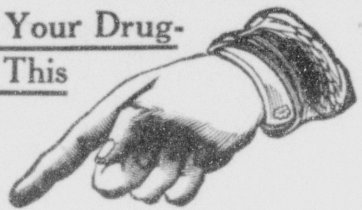

Constipation was my chief difficulty in treating these cases. I often felt that it would be better if a laxative element were added to Peruna. I feared to do so, however, first because of the number of catarrhal patients who needed no laxative, and second I was afraid of making such a radical change in a remedy that was already doing so well. Thus it was that I continued to prescribe with the Peruna a bottle of Manalin to those who needed a laxative. At last, under circumstances explained in my booklet, I was constrained to add the laxative element to Peruna. This constitutes what is now known as the revised Peruna.

Now those who take Peruna will first find themselves promptly relieved of their constipation. Second, the catarrh will gradually disappear. And once the catarrh is cured the constipation leaves permanently. Then if you follow the advice given in my book, you will never have to take pills any more. Cathartics and laxatives you can ignore. You will be permanently relieved of both your catarrh and the constipation. PERUNA IS FOR SALE AT ALL DRUG STORES.

SPECIAL NOTICE—Many persons are making inquiries for the old-time Peruna. To such would say, this formula is now put out under the name of KA-TAR-NO, manufactured by KA-TAR-NO COMPANY, Columbus, Ohio. Write them and they will be pleased to send you a free booklet.

The graduating exercises of the Elmo high school will take place in that town on the evening of Thursday, April 17, in the Christian church. B. R. Martin of St. Joseph will give the class address.

The baccalaureate sermon will be given Sunday evening, April 13, at Elmo to the class by Rev. Gilbert S. Cox, pastor of the First M. E. church of this city.

Wednesday evening, April 16, the class play will be given, and it is entitled "A Box of Monkeys."

The alumni banquet will be given Friday evening, April 18, at the Elmo opera house and the dinner will be served by the ladies of the Christian church.

The members of the graduating class are Floyd Graham, Spencer Lamb, Martha Alden, Etta Coulter and Frances Ernst. Prof. John Davis is the principal of the Elmo high school.

He Apologized.

The Parnell Sentinel rings up the following:

"A traveling man got into a controversy with one of the phone girls in Maryville, and while somewhat excited told the young lady to 'just keep her shirt on.' The manager of the exchange told him he had better apologize. He rang central and asked 'Are you the young lady I told to keep her shirt on?' 'I sure am,' she snapped back. 'Well, it's all right with me; you can take it off if you want to,' was his apology."

To Hold Burial Services.

The W. O. W. lodge of the city will conduct burial services Sunday afternoon at Miriam cemetery for the late C. C. Grems, who died January 19, at Dow City, Ia. The body was placed in the vault at the cemetery at that time, owing to the weather.

HENRY M. COUDREY IS FOUND GUILTY

Convicted in Federal Court of Using Mails to Defraud.

St. Louis, April 5.—Henry M. Coudrey, former congressman, and Harry B. Gardner were found guilty in the federal district court of using the mails to defraud. Coudrey and Gardner were charged with using the mails to defraud in the promotion of what came to be known as the twin insurance companies—the Continental Life Assurance company of America and the International Fire Insurance company of America. Both companies went into the hands of receivers.

Evidence was introduced at the trial to prove that stocks in the twin companies were sold throughout the country and that bankers in small towns were induced to take stock on the promises that funds of the companies would be deposited in their banks. It was charged that the promoters of the companies made misleading statements about the concerns in letters they sent out. The maximum sentence for each defendant is \$1,500 fine or four and a half years' imprisonment or both.

GERMAN AIRSHIP RELEASED

Military Dirigible Is Permitted to Return Home.

Lüneville, France, April 5.—The German air cruiser Zeppelin IV, was inflated and departed for Germany.

The landing of the airship on the parade grounds here in the midst of a brigade of French riflemen was satisfactorily explained to a French body of inquiry. The airship and its crew were afterward released on payment of \$2,000 as customs duty and the incident was declared closed.

Western Senator Accused.

Washington, April 5.—Charges revolving the moral conduct of a senator from a western state have been presented to United States Attorney Wilson here, and he is investigating. A man seeking federal office charges that when his wife, acting in his behalf, went to the senator the latter acted in an improper manner and later repeated this conduct, calling on the woman at a hotel, where the husband asserts having posted witnesses.

Russia Backing Montenegro.

Vienna, April 5.—Little Montenegro's defiance of the powers is the subject of a series of hysterical outbursts in the newspapers here. There are indications, the Austrian editors believe, that some of the powers are not supporting the program agreed upon for the coercion of Montenegro. The finger of suspicion points particularly at Russia.

Body of Man Found in Car.

Kansas City, April 5.—The body of a youth, about twenty years old, was found crushed under a pile of machinery in a Missouri Pacific coal car, consigned from Omaha. A card, with the name of William Butler, 912 Washington street, was found in one of the pockets.

SAID SHE WOULD FAINT

Mrs. Della Long Unable to Stand on Her Feet More Than a Few Minutes at a Time.

Pendergrass, Ga.—Mrs. Della Long, of this place, in a recent letter, says: "For five or six years, I suffered agonies with womanly troubles."

Often, I couldn't sit up more than a few minutes at a time, and if I stood on my feet long, I would faint.

I took Cardui, and it helped me immediately. Now, I can do my work all the time, and don't suffer like I did."

Take Cardui when you feel in any way—weak, tired, miserable, or under the weather. Cardui is a strength-building tonic medicine for women.

It has been found to relieve pain and distress caused by womanly troubles, and is an excellent medicine to have on hand at all times.

Cardui acts on the womanly constitution, building up womanly strength, toning up the nerves, and regulating the womanly organs.

Its half century of success is due to merit. It has done good to thousands. Will you try it? It may be just what you need. Ask your druggist about Cardui. He will recommend it.

N. B.—Write to: Ladies' Advisory Dept., Chatterbox Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper, on request.
